

YOUR PAYMENT OPTIONS AND OUR FINANCIAL POLICIES

Thank you again for choosing our office for your dental needs. In order to assist you in making payment for your dental treatment and to prevent any misunderstanding, the following payment options are listed. Please read them carefully and feel free to discuss them with us.

If you have dental insurance: We will accept assignment of benefits for most insurance companies. If you are new to our office, you must have a dental insurance card and driver's license with you at your first visit.

The following conditions exist for us to accept your insurance:

1. We must be able to verify eligibility prior to your appointment, or at first appointment for new patients.
2. Copayments and deductibles, if applicable, are due at time of service.
3. If payment has not been received from your insurance company 30 days after your appointment, payment in full will be due from you.
4. If you receive the insurance check by mistake, you must remit payment to our office as soon as possible.

If you do not have dental insurance: Payment is due in full at each appointment. We accept cash, check, Mastercard, Visa, and Discover. We also offer financing through Care Credit.

Financing

We offer financing through Care Credit. Terms available include 6 or 12 months no interest and extended payment plans. You can apply in our office or at carecredit.com.

I have read and understand the above financial policies. I agree to abide by the payment options listed.
